

The University of Neuchâtel, Switzerland, invites applications for a position of

Full professor in molecular and cellular biology (100%)

Description of position: the successful candidate will direct an independent research group at the Institute of Biology within the Faculty of Science. We seek applications from excellent candidates with a research focus on the molecular and cellular processes of organisms. Teaching duties will be linked to the successful candidate's expertise. Teaching language is English at the Master level and French at the Bachelor level; the appointee will be expected to achieve sufficient fluency in French within one year.

Requirements : PhD in Biology and internationally recognized research record in molecular and/or cellular biology.

Starting date: 1st of February 2019 or upon agreement.

Application deadline : 31st May 2018.

Applications should be uploaded at www.unine.ch/candis (ref. FS-BiolMolCell) in the form of a single PDF file, including a letter of motivation, a CV documenting full teaching and research experience, a list of publications, copies of diplomas and a list of experts able to assess the candidate's competence (with at least three names). The candidate is also invited to present a statement (three pages max.) of teaching and research interests, his/her scientific approach to the domain, and projects that he/she intends to undertake at Neuchâtel.

Further information can be obtained by contacting the Head of the Hiring Committee, Prof. Jacob Koella (jacob.koella@unine.ch), or the Dean (doyen.sciences@unine.ch), or by visiting the Faculty website www.unine.ch/sciences.

The University of Neuchâtel is committed to providing non-discriminatory working conditions.
